PROFESSIONAL SUMMARY

Results-driven Systems Administrator with hands-on experience designing, deploying, and managing enterprise IT infrastructure across Windows Server, Linux, and Cisco networking environments. Completed 5 months of intensive, hands-on training on real enterprise devices and live tasks through the Professional Diploma in IT & System Administration (MCIT and Egyptian Military Academy), ranking 1st in track as Team Leader of the diploma graduation project. Skilled in VLAN configuration, DNS/DHCP administration, firewall management, security hardening, and Microsoft Azure cloud services (IaaS/PaaS). Proven track record improving network efficiency by 30% and reducing incident resolution time (MTTR) by 40% through structured monitoring and incident management. Holds CCNA and MCSA: Windows Server certifications. Committed to delivering secure, scalable, and highly available infrastructure solutions.

TECHNICAL SKILLS

Operating Systems: Windows Server 2016/2019, Windows 10/11, Linux (Ubuntu, CentOS)

Networking: Cisco Routing & Switching, TCP/IP, DNS, DHCP, VLAN, STP, ACL, Wireless LAN (WLAN), VPN, Network Troubleshooting

Security: Firewall Configuration, Access Control Lists (ACL), Network Access Control (NAC), Network Security, Security Hardening, Disaster Recovery Planning

Cloud & Virtualization: Microsoft Azure (IaaS/PaaS), VMware, Hyper-V, VM Deployment & Lifecycle Management, Automated Backups, AIOps, System Monitoring

Scripting & Automation: Bash Scripting, Python (Automation & Basic Development)

Administration & Productivity: Active Directory, Office 365 Administration, Advanced Excel, IT Service Management (ITSM), SLA Management

Hardware & Support: PC Build & Repair, Server Rack Management, Printers, IP Surveillance Cameras, Tier 1/2 Technical Support

PROFESSIONAL EXPERIENCE

Diploma Graduation Project – Team Leader

Feb 2026 – May 2026

MCIT & Egyptian Military Academy Diploma Program, Egypt

- Completed 5 months of hands-on training on real enterprise devices and live operational tasks, covering Cisco networking, Windows Server/Linux administration, and Azure cloud services.
- Led the diploma graduation project as Team Leader, ranking 1st in track among peers for technical execution and project delivery.

IT Engineer Trainee – Systems & Network Administration

Feb 2026 – May 2026

Digilians Initiative (MCIT Program), Egypt

- Designed and implemented simulated enterprise network topologies using Cisco routers and switches, improving network efficiency by 30%.
- Configured VLANs, inter-VLAN routing, DNS, DHCP, wireless access points, and ACLs to deliver secure connectivity for 50+ virtual end-users.
- Deployed, administered, and monitored Windows Server and Linux systems, maintaining high availability and consistent performance.
- Reduced mean-time-to-resolution (MTTR) by 40% by implementing structured incident management workflows and proactive system monitoring.
- Integrated Microsoft Azure cloud services to support infrastructure scalability, automated backup scheduling, and disaster recovery planning.
- Provided Tier 1/2 hardware and software support for desktops, printers, and IP cameras, resolving 95% of tickets within defined SLA timeframes.

Graduation Project – Team Leader

Sep 2024 – Jun 2025

Faculty of Computers and Information, Zagazig University, Egypt

- Led a cross-functional team of 5 through the full software development lifecycle (SDLC) of a web-based enterprise system, from requirements gathering to deployment.
- Coordinated task allocation, tracked milestones, and enforced delivery timelines, resulting in on-time project completion.
- Presented technical architecture and documentation to an academic evaluation committee, demonstrating strong communication and project management skills.

EDUCATION

Professional Diploma – IT & System Administration

Feb 2026 – May 2026

Ministry of Communications & Information Technology (MCIT) and Egyptian Military Academy, Egypt

- 5 months of hands-on training on real enterprise devices and live tasks; Team Leader of the diploma graduation project, ranked 1st in track.

Bachelor of Science – Computer Science

Sep 2021 – Jun 2025

Faculty of Computers and Information, Zagazig University, Egypt

CERTIFICATIONS

CCNA – Cisco Certified Network Associate | MCSA: Windows Server – Microsoft Certified Solutions Associate | Advanced Excel Certification | Python for Official Statistics – Certified
